 - a. Ask Paul Doscher about NH video
 - b. Dominion Power-TN
 - c. Bob Butler film on spawning brook trout
 - i. Penn State '82
 - ii. Bob C will check into that

Regional Liaisons:

No money now but may look into 1 in the future now that we only have 2 regions

Shale stuff:

Bob is going to send info on announcement

1. Posters: add to website
 - a. Gary will send general info poster to Bob C
 - b. DT to send Casting Call posters to Lila
 - i. Add blurb on what Casting Call is

2. Documentary:

**This is new news: I spoke with Jan Rowan (USFWS) regarding the brook trout life history video produced by Bob Michelson and our use of it as far as legal avenues go...And we will be able to use the video in its entirety by linking to the federal website. We can not use bits and pieces of it without Bob's permission. I think this video will be a great addition to the biology lesson our site will be trying to give.

The finishing footage is being gathered as we speak and I think the video will be ready in the next few months

I am also awaiting a copy of the habitat video that was shot up in Nash Stream State Forest. It includes both over and under the water video on one of the habitat restoration projects that occurred in northern NH.

3. Guidelines:

- a. Add low cost case studies to aid in getting folks excited to start projects
- b. Add broad guidelines/BMP's

- i. Culverts
- ii. Dam removal
- iii. Shade construction
- iv. Riparian buffers
- v. Forestry
- vi. Road construction
- vii. Habitat Restoration
- viii. Runoff
 1. agric & storm

4. Power Point Template:

- a. 5 slides Steve P to send his PP that he has utilized in the past

Conference Call

Set up with Lila for December 9th 10am

Dianne out sick so no call

Reschedule for January 2010
